

MODEL 9900 LP

READY FOR WINTER'S WORST

HEATED LOW PROFILE HEADLIGHT

9900
LOW PROFILE

SmartHeat
HEATED LIGHTING TECHNOLOGY

Ready for Winter's Worst. Avoid downtime with heated headlights. The sloped lens deflects snow and ice build-up. When conditions get tough, SmartHeat® uses industry-leading technology to automatically heat the headlight lens.

Clear Line of Sight. All-in-one low and high beam, front position, turn signal, and daytime running light contained in one street-legal headlight. Only 3.25" tall to ensure a clear line of sight for of the road. The universal bracket is compatible with both single AND double stud mounts.

Focus on the Road. Powerful bright, white LEDs keep you alert and reduce eye fatigue, unlike warm halogen lights. Solid-state optics project light exactly where you need it for the best view of the road and without blinding oncoming traffic.

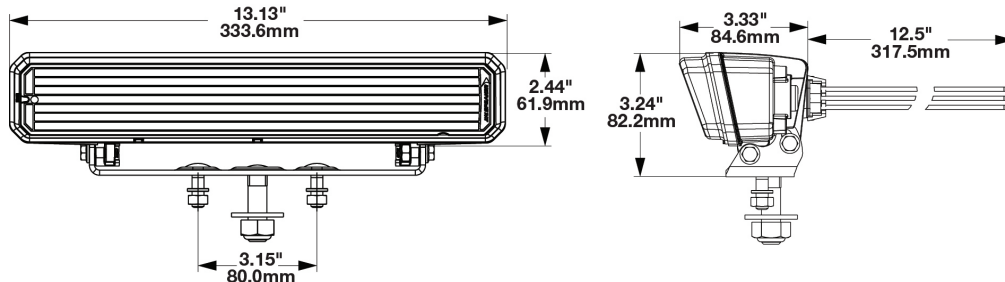

Built to Outlast the Job. Designed and tested to meet IP69K for protection against dust and high pressure washing. Withstood 16 hours of vibration testing and 100Gs of shock testing, giving you a product that will stand up to the demands of the job.
